### **PUPPY QUESTIONNAIRE**

Thank you for your interest in Broadway Reg'd Dobermans and Standard Poodles. This questionnaire is meant to assist us in defining whether a Doberman or Standard Poodle is the right choice for your family.

Please realise that completing this Questionnaire is in no way a commitment on your part to purchase a puppy, nor on our part to sell you a puppy. It is simply a way to get to know you better.

We appreciate the sensitive nature of some of the questions, and will take every step to abide by the privacy provisions that are set out in various Ontario laws. Please know that none of your information will be shared with anyone, and that we use this information only for our own purposes in assisting you to find the right family companion. Please feel free to ask us any questions you may have about this questionnaire or our dogs.

All puppies are registered with either the CKC or AKC, are microchipped, have all appropriate de worming and shots for their ages. Prospective puppy owners are given copies of all health testing of both parents.

Dobermans will have their ears cropped and tails docked and dew claws removed. Poodles will have docked tails and dew claws removed. Puppies usually go to their new homes around 9/10 weeks old and have been seen by a vet before.

Once you have completed the form in full, please email to me and we can make appointments to meet or can chat on the phone. At that time we will also review all of our dog's health clearances, and their accomplishments.

Please note that we breed infrequently and that our litters have a waiting list.

Sue Dunstan, Broadway Reg'd
